**Form No. 103A CIO-45-901B**
On 07/23/20, I responded to 672 Woburn St. for a report of a two car crash. I observed vehicle 2 partially in the roadway attempting to turn right into the driveway of 230 Lowell St. Vehicle 2 was slowing down as she approached her turn and at this time vehicle 1 struck the back of vehicle 2. Operator 2 was experiencing a panic attack and reporting neck and chest pain. Operator 1 had no injuries. Operator 2 stated she was slowing down in an attempt to turn right and she was struck in her rear. Operator 1 stated he did not see operator 2 slowing down and thought she stopped short to avoid the exiting trash truck. Operator 2 was wearing a lap but not a shoulder strap due to a recent surgery and Operator 1 was wearing both a lap and shoulder belt. Operator 2 was transported by the Fire Department to Winchester Hospital for her injuries. No tows. Vehicle 2 had minor damage to rear bumper and trunk. Vehicle 1 had front bumper and grill damage.
Crash Narrative:

V1 (Young) exiting Wilmington Crossing Plaza with green light to cross RT.38 and enter Wilmington Plaza. V2 (Manley) was traveling RT.38S in left portion of travel lane approaching intersection. V2 changed lanes and entered intersection causing V1 to swerve and lay down. V2 right rear tire hit front of V1 (motorcycle) as it slid on pavement. V1 opr. stated he had green light and that he attempted to swerve (and laid bike down on left side) when V2 ran red light. V2 opr Manley admitted changing lanes when approaching intersection and then running red light. V2 was proximate cause of crash when it ran red light and startled V1 opr into failed evasive maneuver. V1 opr sustained minor visible road rash injuries. Treated on scene without WFD transport (waiver). No injuries V2. Opr. Manley cited for red light violation. V1 towed by Forrest Towing.

**Additional Forms:**

- Form No. 1036: CIA-65 09/18
MV1 was traveling eastbound on Middlesex Avenue/Route 62 approaching the intersection with High Street. MV1 was planning to turn left at the intersection of Middlesex Ave and High Street and traveling straight ahead to enter the left turn lane. MV2 was stopped at the intersection of Pleasant Road and Middlesex Avenue and waiting to turn left on Middlesex Avenue/Route 62 westbound. The witness vehicle was also traveling eastbound on Middlesex Avenue and came to a stop to allow MV2 to pull out and turn left onto Middlesex Ave. MV2 pulled out and began turning left as MV1 passed the stopped witness vehicle on the left. MV2 collided with the rear right side and tire of MV1. MV1 suffered minor damage to the rear right side and tire. MV2 suffered damage to the front end and bumper, but was able to driven from the scene. The operator of MV1 recently had neck surgery and was transported from the scene to Lahey Hospital by the WFD. Forrest Towing towed MV1 away.
